

## GAINWARD STRENGTHENS REGIONAL PRESENCE WITH ACA PACIFIC IN SINGAPORE AND MALAYSIA

### ACA Pacific To Be A Strong Contender In the Graphic Cards Market

**Singapore, 23 March, 2009** – Gainward, a world leading producer of High-Quality, High-End 3D accelerators for the Personal Computer market appoints **ACA Pacific** as their **new distributor** in **Singapore and Malaysia** today.

Under the agreement, ACA will distribute the full range of **high-end** and **extreme 3D Graphic Cards** from **ATI** and **Nvidia** to the local channels.

"This appointment proves to be timely as we see a growing number of savvy gamers and professionals seeking high quality gaming experience regionally." said Mr. Chin See Wai, Business Unit Manger, ACA Pacific

"We are extremely confident of growing Gainward's market share, especially with the Government's conscious effort to hype up the gaming and media entertainment industry in both Singapore and Malaysia." Chin added.

"Our team is upbeat with this new engagement as ACA has a wide network of experienced resellers serving both the enterprise and retail market."

"The positive result of strong sales and product enquires from the recent consumer show in Singapore proves to be a good milestone." said Mr. Thomas Loze, Sales and Marketing Division, Gainward Technology

With a number of highly acclaimed awards such as;

- High performance Award from DarkHardware
- Excellent 9/10 award from Generation-3D!
- Gold Award of HD4850 GS from Revioo!
- Best buy award from Ultimate Hardware!

Gainward is poised to be the inventor of high-end and extreme quality 3D graphic cards in the market.
